# MS-FSV1

## SPLASH-PROOF DISPOSABLE PROTECTIVE ISOLATION MASK

### OVERVIEW

MS-FSV1 protective face shields are the best in the category to protect your eyes and face from splashes and droplets from the environment. Made in polyethylene terephthalate (PET), the MS-FSV1 anti-fog and anti-splash protective screen offer crystal-clear transparency. It comes with sweat absorbing, skin-friendly foam band and an adjustable elastic band to fit most head shapes and sizes. The MS-FSV1 protective face shields offer effective protection from body fluids, kitchen fumes, dust particles, sneeze sprays, and other liquid or chemical splash.

Hypoallergenic foam band to absorb sweat

Easy-fit adjustable elastic band

Double-sided anti-fog protection

Highly transparent PET screen

Light-weight, comfortable to wear

#### HYPOALLERGENIC FOAM BAND

Absorbs sweat and provides comfort and safe wearing experience

#### DUST & SPLASH-PROOF

Protects face from dust, body fluids and other harmful chemical splash

## FEATURES

- Light-weight, disposable, and comfortable protective isolation masks.
- Anti-fog, highly transparent PET screen with excellent vision.
- Hypoallergenic foam band absorbs sweat and provides enough room for eyeglasses and safety goggles.
- Skin-friendly, easy-fit adjustable elastic band provides a comfortable fit for most head sizes.
- Effective protection against potential contamination from blood pathogens, body fluids, or harmful chemical splash.
- Suitable for most medical, industrial, and civilian applications.
