SURGICAL GOWNS FOR
HEALTHCARE FACILITIES

MS-SGL

SURGICAL GOWNS FOR HEALTHCARE FACILITIES

OVERVIEW

The best-in-class MS-SGL non-woven surgical gowns effectively prevent body fluids and liquid splashes from entering and contacting the skin of the wearer. Made of breathable material and designed with knitted cotton cuffs, the gown is comfortable to wear even for long hours. The adjustable hook-and-loop neckline closure, multiway waistline, and the velcro design further makes it easy to wear and remove the gown while also offering high-level protection. The MS-SGL surgical gowns are available in four protection levels based on liquid barrier performance and classification as per ANSI/AAMI PB70:2012 standards.

VELCRO DESIGN

Adjustable hook-and-loop neckline closures; convenient and easy to operate

KNITTED COTTON CUFFS

Knitted elastic cuffs: Soft, secure and comfortable

ANSI/AAMI PB70:2012 STANDARDS

Part Number	Classification
MS-SGL1	Level 1
MS-SGL2	Level 2
MS-SGL3	Level 3
MS-SGL4	Level 4
