MS-VG01

VINYL EXAMINATION GLOVES

MS-VG01

VINYL EXAMINATION GLOVES

OVERVIEW

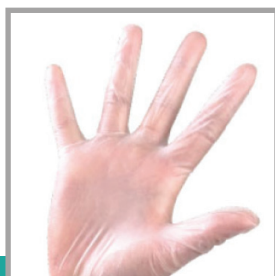

Designed with quality polyvinyl chloride, the MS-VN01 vinyl gloves act as an outstanding barrier against body fluids, sprays, splashes, and chemicals. They are 100% synthetic and offers an excellent tactile sense for the wearer to feel physical interactions. As a reasonable alternative for the users with Type I allergies associated with latex, MS-VN01 vinyl gloves are available in various sizes to fit the users and to provide a comfortable wearing experience.
